TECHNICAL DATA: PRO CLEAN

PRO CLEAN

PRO CLEAN is powerful water based degreaser and cleaner for use on all surfaces that can be cleaned with water. PRO CLEAN contains no butyl solvents, chlorinated solvents, EDTA, NTA or other toxic substances.

Applications

PRO CLEAN- is used to clean floors, metal parts and greasy surfaces, counters and equipment and all industrial applications where a non flammable degreaser is required.

Benefits Of PRO CLEAN

1. PRO CLEAN will not burn when even soaked onto rags or other absorbent material.
2. PRO CLEAN is non corrosive to steel and will not attack aluminum at a 1:5 dilution.
3. PRO CLEAN can be diluted up to 1:125 for light duty cleaning and 1:5 for heavy degreasing.
4. PRO CLEAN penetrates the grease and breaks the bond at the surface.

How to Use

Dilute PRO CLEAN according to the surface to be cleaned from 1:5 up to 1:25 depending on the surface being cleaned. Spray on PRO CLEAN to thoroughly wet the surface; agitate surface if needed then wipe off the soil with a strong water spray.

Properties

| |
|--|
| Type: water based degreaser |
| Color: yellow |
| Odor: citrus |
| Toxicity: non Toxic do not take internally |
| Composition: Biodegradable surfactants and citrus solvents Contains no EDTA or NTA |
| Flammability: Nonflammable |
