TECHNICAL DATA: PRO PEEL

PRO PEEL

PRO PEEL is a non flammable water based acrylic coating remover for use on concrete

PRO PEEL contains biodegradable surfactants and non chlorinated solvents and citrus extracts with low VOC

Applications

PRO peel- is used to strip off old acrylic sealers where ground in soil makes the area look dingy. It can also be used to remove the sealer where a color change is needed In conjunction with Conclean it is ideal for renovating an redoing a concrete floors

Benefits Of PRO CLEAN

1. PRO PEEL it is non combustible and safe for indoor use
2. PRO PEEL will penetrate and soften the acrylic coating in 20 -30 minutes for easy removal
3. PRO PEEL can be diluted up to 1:125 for light duty cleaning and 1:5 for heavy degreasing
4. PRO PEEL stored in its original container remains stable for long period of time

How to Use

Apply PRO PEEL by spray, brush or pour on and spread evenly with a squeegee. Apply at a rate 150 sqft per gallon. Allow PRO PEEL to penetrate and soften the coating for 20 -30 minutes. Scrape off the coating or when practical pressure wash off. Once dry the floor is ready for any desired treatment. NOTE: Heavy coatings may require a power scrubber or a second treatment

Properties

Type: water based coating remover
Color: Pink
Odor: Slight citrus
Toxicity: Harmful if Swallowed
Composition: Biodegradable surfactants and citrus terpinenes and non chlorinated solvents in an aqueous base
Flammability: Nonflammable
VOC: 2lbs /gallon
